Description of Events

Space Needle

Thursday, Aug. 23, 7:45 p.m. – 10 p.m.

Join us at the 100-foot level of the Space Needle for a dinner with an incredible view. Built in 1962, the Space Needle served as the symbol of that year's World's Fair. It has since become the symbol of Seattle, and one of the most recognizable structures in the world.

Royal Argosy Cruise

Friday, Aug. 24, 5:30 p.m. – 10 p.m.

The most unique venue in the Northwest, our cruise includes a scenic route along the waters of the Puget Sound. Enjoy a freshly prepared seated dinner in our own private dining room accompanied by tunes from The Rave Band. *(full bar included)*

Boeing Plant Tour/Future of Flight Museum Reception/Dinner

Saturday, Aug. 25, 1:45 p.m. – 10 p.m.

Join us as we begin with the Boeing Plant Tour. This unique interpretive facility was designed to let visitors experience the marvel of commercial jet aviation and production. It celebrates the historic accomplishments of the last 50 years—since the first flight of the Boeing 707—and highlights the technological possibilities for powered, winged flight during the next 50 years. The goal of the Future of Flight Aviation Center & Boeing Tour is to educate, entertain and engage the global community to inspire innovation.

Upon completion of the tour, we will be treated to a reception on the Strato Deck. Here we will enjoy a sweeping view of Boeing's Everett facility and Paine Field with the Cascade Mountains as a backdrop—punctuated by Mount Rainier to the south and Mount Baker to the north. Don't forget your cameras.

Following the reception, we will continue on to the Aviation Gallery with its soaring 48-foot ceiling for dinner. The Aviation Gallery dazzles with prototype aircraft displayed overhead and high-tech exhibits below.
